

SIMPLY SCIENCE

Date: November 24th

Time: 6:00-7:30

**Come discover
earth, wind, fire and
water!**

- Build and learn how to use a weather stick.
- Experiment to find the best way to filter water.
- Learn how to make a fire.
- See what the earth “tastes” like.
- Learn how air expands.
- Create a “wave maker”.
- Write an invisible message.
- Learn how to create a mini windmill.

**Hope to see you there!!!
Connie Ellis Leclair and Pam Burt**
